For CY 2023, the Council for Good Local Governance (CGLG) resolved that for a city or municipality to qualify in the SGLG, at least 50% of its component barangays must have participated in the SGLGB. This indicator serves as one of SGLG's tests of results acceptability in view of the oversight functions of a city or municipality over its component barangays.

The 2023 SGLGB results shall also serve as additional information in the regular review and evaluation of the CGLG pursuant to Rule IV, Section 2 (c) of the Implementing Rules and Regulations of Republic Act No. 11292 (hereinafter as SGLG Act of 2019), which states that the Council shall conduct an evaluation of the impact of the Act on the performance of the LGUs.

The implementation of the SGLGB is aligned with the intent of the SGLG Act to continuously raise the standards of performance of local governments, and in transforming local governments to becoming more accountable and responsive.
